

## **European Classics Car Club**

### **About Us**

We love classic cars. We love the beauty of them, the mechanics of how they work, the history, sounds, and smells. We love driving them, talking about them, and connecting through them.

European Classics Car Club brings people together. Members have access to an exclusive collection of beautiful classic cars – our meticulously curated selection consists mainly of European cars from the 1970s, with a few modern classics as well. Ever wondered what it would be like to drive a Lancia Delta Integrale on the street, but never thought you'd get the chance? How about taking your spouse out to dinner in a vintage Mercedes convertible, or showing your kids the cars you dreamt about when you were their age? We carefully select, maintain, and insure our cars, so all you have to do is enjoy them.

We also sponsor member events like new car presentations, exclusive partner company exhibitions, and social drives to unique destinations and events. Or you can just come hang out at the club and have some good old fashioned car talk with other enthusiasts who share your passion. Reminisce about that first car. Talk shop with old friends, and find new ones. Or just stroll through the collection to find your next adventure.

Join us to connect, explore, and unwind. Come slide into the driver's seat of a beautiful vintage car without having to acquire or maintain your own personal fleet. A good drive in a great car has always been the perfect way to leave behind the stresses of life. You can explore winding backroads, cruise through the city, or take a long drive to nowhere.

European Classics Car Club. Come drive with us.
